BARC Training Schools provide two Training Schemes to deserving candidates ambitious of pursuing a rewarding career in **Nuclear Science, Engineering and Technology** and

- a. who would relish challenges in **frontier areas of Science&Technology**,
- b. who would like to be part of an expanding program of **Nuclear Power/Research Reactors, Accelerators and Nuclear Fuel Cycle Technologies**,
and
- c. who would enjoy pursuing innovative research in frontier areas of **Engineering, Physics, Chemistry, Biosciences, Geology and Geophysics**.

They are respectively called **Orientation Course for Engineering Graduates and Science Postgraduates (OCES)** and **DAE Graduate Fellowship Scheme for Engineering Graduates and Physics Postgraduates (DGFS)**.

Successful completion of the Training Schemes guarantees employment as Scientific Officer ‘C’ in one of the DAE units or Atomic Energy Regulatory Board with attractive career progression opportunities up to the highest echelons.

DAE strives to have a workforce which reflects gender balance and woman candidates are encouraged to apply.

A. One-year Orientation Course for Engineering Graduates and Science Postgraduates for the academic year 2017-2018 (OCES-2017) will be conducted at the **five BARC Training Schools** situated at **Mumbai, Kalpakkam, Indore and Hyderabad**. Tables-1a & 1b list Eligible Disciplines for the OCES

program. Table-2 lists the Eligible Disciplines and orientation of the Training Program at each of the Training Schools. A Trainee Scientific Officer (TSO), who scores a minimum of 50% aggregate marks on completion of the Training Program, is declared to have passed the course successfully. Successful TSOs will be posted as Scientific Officers in one of the following DAE units:

A comprehensive **Contributory Health Service Scheme** or equivalent for employees and their dependent family members is also available at all DAE Units.

3. Selection Process

Selection to OCES/DGFS – 2017 is a two-step process: **Screening** to short-list candidates followed by **Selection Interviews** of the short-listed candidates.

There is a separate Selection Process for each of the disciplines listed in Tables-1a & 1b except for Radiological Safety Engineering (RSE) which is not a separate discipline but an additional Training Scheme option for applicants in Nuclear Engineering, Physics and Chemistry disciplines. There is no separate Training Scheme called 'Nuclear Engineering' and selected candidates belonging to 'Nuclear Engineering' (NE) will be allotted RSE or Mechanical or Chemical as their Training Scheme.

A. Screening for Selection Interviews is based on two alternative methods:

(a) On the basis of Online Examination:

- i. Online Examination will be conducted in March, 2017 in each of the nine Engineering disciplines and five Science disciplines in more than forty cities spread across India.
- ii. Travel Allowance is not paid for appearing in it.
- iii. Candidates who register for the Online Examination will be able to choose their examination centre as well as date and time of the session in which they wish to appear for the Online Examination, **subject to availability**. Allocation of slot to candidates for taking the Online Examination will be done on a first come, first served basis.

(b) On the basis of GATE score:

Candidates will be screened in for Selection Interview on the basis of a valid GATE-2016 or GATE-2017 score **in the applicable GATE subject**. **Applicants with a degree in 'Nuclear Engineering' will be screened in only on the basis of Online Examination to be conducted in March, 2017.**

Candidates may note the following:

1. At the time of application, candidates can choose any one or both of the above screening options. As the cutoff GATE scores for screening in to Selection Interviews will be finalized only after the conclusion of the Online

Examination, candidates are advised to maximize their chance of being screened in to the Selection Interview by **availing both the Screening Channels (GATE score as well as Online Examination)** detailed above.

2. Candidates who opt for screening through **Online Examination** should book an examination slot of their choice, subject to availability, by visiting this website. Alerts by email as well as SMS will be sent to all candidates who have opted for the Online Examination on their registered email addresses and mobile numbers as well as announced on this website, prior to commencement of the slot booking process. Examination slots will be allocated on first come, first served basis, subject to availability. **Candidates are advised to visit this website regularly for updates regarding this.**
3. The candidates who have opted for screening **only on the basis of a GATE Score will not be permitted to book an examination slot for the Online Examination.**

Students from UM-DAE CBS and NISER: Students graduating with a Masters Degree from University of Mumbai – Department of Atomic Energy Centre for Excellence in Basic Sciences (UM-DAE CBS) and National Institute of Science Education and Research (NISER), Bhubaneswar, and whose Cumulative Grade Performance Average (CGPA) is greater than or equal to 7.5 on a scale of 10 will directly be screened in to the Selection Interview stage, provided they meet all other eligibility requirements of the OCES/DGFS-2017 programs. Such candidates should first submit their application for the OCES/DGFS-2017 programs on the Online Application Portal and subsequently forward their details through the Directors of their Institutes. **As the final CGPA is not known till the end of the tenth semester, students from UM-DAE CBS and NISER are advised to appear for the Online Examination and / or upload a valid GATE-2016 or GATE-2017 score, to maximize their chances of being screened in to the Selection Interview stage.**

B. Selection Interviews:

Selection Interviews of short-listed candidates will be conducted in Mumbai (in all disciplines except Geology and Geophysics) and Hyderabad (in Geology and Geophysics). Outstation applicants will be paid two-way second-class sleeper train

fare, from their registered residential address, by shortest route or actual fare whichever is less.

Probable period of Selection Interviews is during May-June, 2017. Short-listed candidates will be able to choose an Interview slot based on availability in April, 2017. Alerts by email as well as SMS will be sent to all candidates who have been short-listed for Selection Interview on their registered email addresses and mobile numbers as well as announced on this website, prior to commencement of the Interview slot booking process. Candidates are advised to visit this website regularly for updates regarding this.

Final Selection for the OCES/DGFS-2017 programs will be based solely on performance in Selection Interview, subject to medical fitness. A list of provisionally (subject to medical fitness) selected candidates will be displayed on this website in the last week of June, 2017. The selected candidates will also be informed about their Selection by email and SMS.

Candidates selected for OCES-2017, who have obtained admission for applicable M. Tech. / M. Chem. Engg. programs in DGFS Institutes and who wish to be considered for DGFS, must provide details of their M. Tech. / M. Chem. Engg. admission by July 4, 2017.
